Freeware-License Agreement

Preamble

The following agreement governs the rights and responsibilities between you (the "Partner") and the Novalnet AG ("Novalnet") in relation to the cost-free software solutions Service and Support provided by Novalnet, by connecting your e-commerce systems to the payment platform of Novalnet. Services, which Novalnet offers in accordance with a service contract to its partners, are not affected explicitly by this agreement. From this particular agreement, is not explicitly affected the services Novalnet under the contract between the parties to the service contract partners are providing. By installing and using the software, you automatically confirm that you have read this freeware license agreement and agree with it. If you do not agree to these conditions, as a partner, please do not install and use the software.

License

Novalnet grants you a non-exclusive, free of charge right of usage on the payment modules provided by Novalnet free of charge and all further modules Novalnet publishes elsewhere whose duration is limited to the duration of the service contract between the parties involved. According to the license agreement, you may install the software on one or more computers and use them. The license for the software is free. The partner agrees to the usage of the payment modules and / or parts of modules exclusively for the Novalnet-provided services, mentioned under the Treaty/agreement. The partner is not entitled to any technical support of any kind from Novalnet. Novalnet is therefore not obliged to ensure the maintenance or revision or development of the software.

Copyright

All title, ownership rights and intellectual property rights to and from the Software, as well as all copies of the software, and any related documentation, are the property of Novalnet (www.novalnet.de). All rights are reserved. Novalnet reserves legal measures in case of a breach of this Agreement.

Guarantee and Liability

The Payment modules will be explicitly made available "as they are defined". For the correct functioning of the payment modules and / or parts of the payment modules, Novalnet does not provide guarantee. Similarly Novalnet assumes no liability for damages and / or consequential damages, directly or indirectly which can be associated with the use of Novalnet cost-free payment modules, unless the damage is intentional or through gross negligence. Not part of this disclaimer agreement, is damage caused from injury to life or health.

Legal claims and severability clause

The laws of the Federal Republic of Germany will be applicable. The place for court of law or going to court will be Munich. Should any present or future provision of the Agreement, in whole or in part, become invalid, for reasons other than the § § 305-310 of the Civil Code (BGB), the validity of the remaining provisions of the agreement will not be affected. The parties shall replace the ineffective, invalid or unenforceable provision by a valid one that will be void in its legal and economic substance, of the ineffective or not feasible provision, and also in compliance with the overall purpose of the agreement. The same applies, if after the conclusion of the agreement, there are gaps or loopholes found in the agreement. The provision of § 139 BGB (severability) is totally excluded.

Module Download

Current Novalnet payment module version : 1.0.0

Compatible with Easy Digital Downloads versions : 2.0 - 2.2

» Go to demo shop

Steps Of Installation

Kindly follow the below mentioned procedures to install the module:

Step 1:

Please do all the necessary steps mentioned in the “**edd_novalnet_readme.txt**” file.

Step 2:

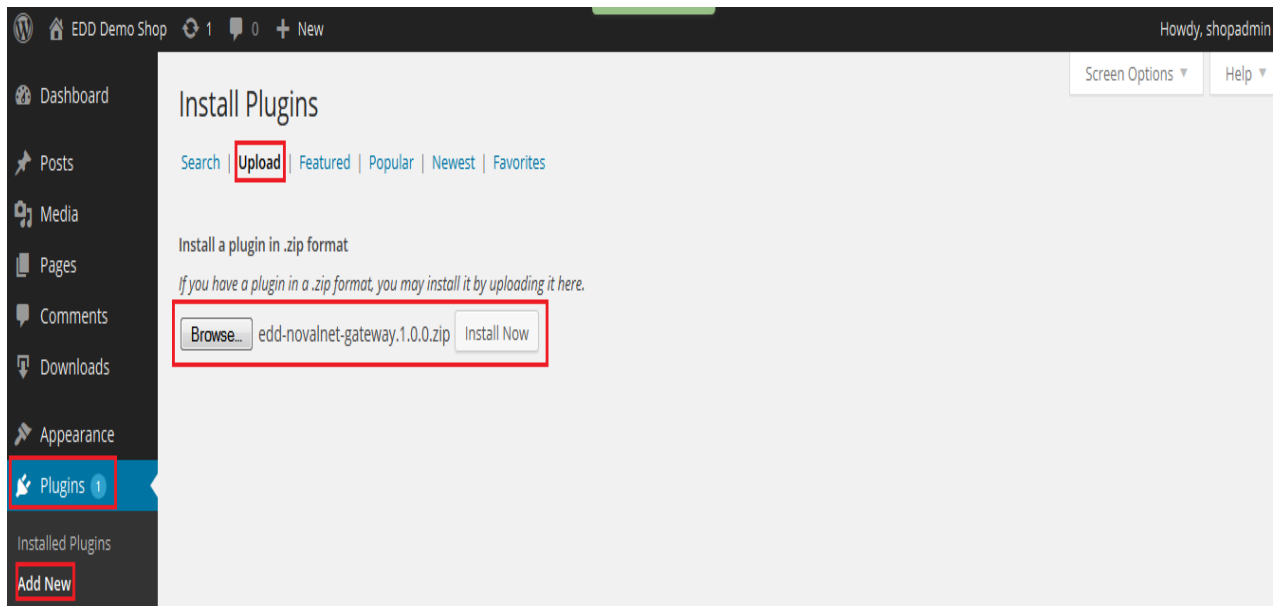

Once you have installed the shop successfully, logged-in as an administrator by using the Admin URL E.g. (<https://edd.novalnet.de/wp-admin/>) to proceed further.

The image shows the WordPress login interface. At the top is the WordPress logo. Below it is a white login box with a shadow. Inside the box, there are two input fields: 'Username' and 'Password'. Below the 'Password' field is a checkbox labeled 'Remember Me'. To the right of the checkbox is a blue 'Log In' button. Below the login box, there are two links: 'Lost your password?' and '← Back to Wordpress Woocommerce'.

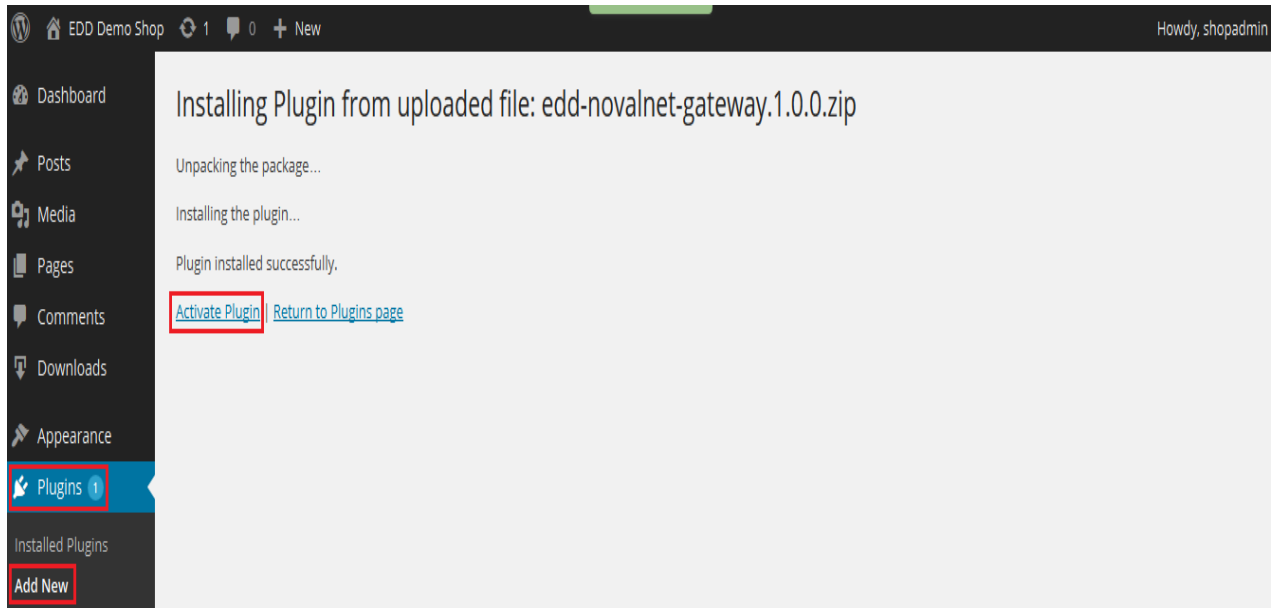

Step 3:

Kindly, upload the Novalnet payment plugin via “**Plugins -> Add New**” in the left panel, click on the **Upload** menu and **Browse** the Novalnet payment plugin “**edd-novalnet-gateway.1.0.0.zip**”. Finally click on the **Install Now** button to proceed further.

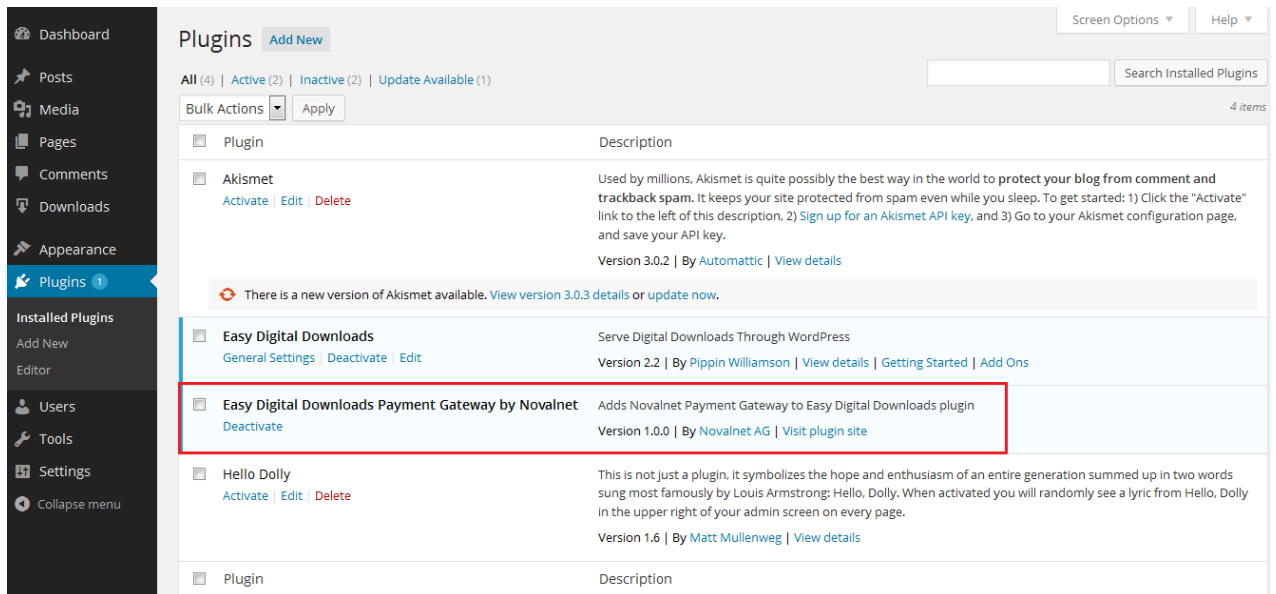

Step 4:

To activate Novalnet plugin, click on the “**Activate Plugin**” as shown below

Once it has been activated, Novalnet plugin will be available in the **Plugins -> Installed Plugins**.

Step 5:

Payment methods will be displayed in **Downloads -> Settings -> Payment Gateways**

Configure the Novalnet configuration data via **Downloads -> Settings -> Payment Gateways** by selecting the particular payment method (E.g. Novalnet Credit Card) and save the details. (Novalnet test configuration data are available in the **Explanation Table**.)

The screenshot shows the 'Payment Gateways' settings page. The 'Novalnet Credit Card' option is selected under the 'Payment Gateways' section. The 'Default Gateway' is set to 'PayPal Standard'. The 'Accepted Payment Method Icons' section shows logos for Mastercard, Visa, American Express, Discover, and PayPal. The 'PayPal Settings' section includes fields for 'PayPal Email' and 'PayPal Page Style'. The 'Novalnet Credit Card Settings' section is highlighted with a red box and includes the following fields:

- Novalnet Merchant ID**: Enter your Novalnet Merchant ID
- Novalnet Merchant Authorisation code**: Enter your Novalnet Merchant Authorisation code
- Novalnet Product ID**: Enter your Novalnet Product ID
- Novalnet Tariff ID**: Enter your Novalnet Tariff ID

Below these fields, there is a section for 'Manual checking of order, above amount in cents' with a text area for notes and a checkbox for 'Auto refill the payment data entered in payment page'. At the bottom, there are fields for 'Second Product ID for manual check condition' and 'Second Tariff ID for manual check condition'.

Step 6:

The enabled payment methods will be displayed in the Shop's Front end as mentioned below,
